ABOUT ME

Hi, I'm Omar, and I am currently a student at the Faculty of Business, Alexandria University. I previously worked as an Assistant Manager at the Virginia Hotel for 3 years. Afterward, I joined a company called Copy and Print, where I was responsible for maintaining Xerox photocopier machines. During this time, I developed a passion for programming and learned both front-end and back-end development. I am very enthusiastic about programming and continuously strive to expand my knowledge and skills in this field.

WORK EXPERIENCE

2019-2021 **ENG DOCUMENT PHOTOCOPIERS**
Copy and Print/ Alex

"I worked as a maintenance engineer for photocopiers for two years at "Copy and Print" company. I was responsible for maintaining a section of Xerox
